Following God's heart for the Bedouins, and partnering with what He is doing in Israel.

The Desert is Flourishing

We've been having meetings with the Bedouin women every other week and God is at work in them. We've been having great opportunities to share Love with them.

We have two illustrations of prayer requests: 1) When it was time for them to go back to the tribe (we were in our meeting), we told them: "Thank you for coming, I love you (...)" and read 1 Corinthians 13 for them.

One of the women said: "Would you please repeat that?" When the phrase "I love you" was repeated, the Bedouin lady said: "It was the first time in my life that I heard someone telling me I love you"

2) When in the meeting, one of the women said: "I swear, every time I come to this meetings, I can't sleep at night thinking about what you share with us"

We see God's hands upon them, we even see their faces changing, as people

that are starting to have Hope in the future. They tell us that, during our meetings, is the only day every two weeks that they laugh, for their lives are heavy and hard.

So, please, keep praying for them, as they are hearing about Him. And pray that He will talk to their hearts, and they will have encounters with Love, Hope and Grace.

A Great Help Came

Through a partnership with a Bedouin school nearby, every Wednesday we have a special group of Arabic, Bedouin girls coming in our center to help our kids in their homework.

It's been great to see the kids engagement with other Bedouins, and how much they have been improving in school and in personal relationships.

God's at work. We praise God for the work He is doing amongst the Bedouin kids, and we lift them up in prayer. Not only our kids, but also this other group from the school nearby. May God talk to them as well.

Prayer Requests

- For the meetings with the women, that God will continue to reveal Himself to our ladies;
- For our personal and spiritual protection as we go inside the tribe;
- For our desire of starting meetings with older boys (we've been praying for that for the last 3 years, and we feel that time has come);
- Our health. We need God to help us in our health. We've been attacked terribly and we need God to strengthen us to keep the work.
